

# Fibered Aluminum Roof Coating

## Product Overview

---

Shield your roof from destructive sun rays with this Silver Dollar 1 Gal. Fibered Aluminum Roof Coating. Its reflective metal surface offers additional insulation and helps to reduce interior temperatures and save on energy costs. Covers approx 50 sq. ft. per Gal.

- Aluminum surface and bright silver finish reflect UV rays
- Protects roof surfaces
- Helps reduce cooling costs
- Fibered coating formula has aluminum flakes suspended in a tough and flexible vehicle of selected asphalt and solvent
- California residents see Prop 65 WARNINGS
